More than just ink ...

HYDRO-X: turns any packaging into an eye-catcher ...

The new **HYDRO-X** ink system enables you to fulfill every wish your customer may have concerning packaging. Depending on the task at hand and the substrate, you can produce any result you want by selecting the right extender: this can be a high-gloss finish on coated papers, a sophisticated design in pre-print or flawless printing on extreme absorbent materials – fast, reliable and in perfect quality. Value for your money.

While also complying with the special requirements of the food and drug industry **HYDRO-X** produces print results that will impress your customers in every respect.

... and offers more than just ink!

Our love of water-based inks is only surpassed by our passion for our customers. This is why we have named our comprehensive range of support services

“**HYDRO-LOVE**“! See for yourself!

CORE SERVICES

Our printing and chemical experts will guide you to your choice of inks, help you use our ink mixing system and assist you with all matters of colorimetrics and formulation.

We appreciate the pressure you are under to meet tight deadlines and are therefore equipped to answer your queries and questions rapidly, dependably and with a consistently high quality of information.

SERVICE PLUS

We will advise you on how to set up your own colorimetrics and ink mixing systems.

We will also supply you with the necessary knowledge on environmental protection, waste-water management, dangerous goods and occupational health and safety.

Furthermore, we offer additional training in all aspects relating to inks and packaging:
www.ink-academy.de

INDIVIDUAL SERVICES

Put your trust in our many years of experience in food packaging meeting quality requirements, finding technical solutions and complying with statutory regulations.

We will help you establish international applicable ink and print standards for you and your customers.

Please don't hesitate to contact us . We will do everything we can to meet every need or desire you may have, tailoring our services to suit your specific needs.
